Brief Introductory Statement

CHIU, Lai Har Rebecca 趙麗霞 BA UNSW; PhD ANU; MRTPI; FAcSS; Hon FHKIH; MH, JP
I graduated from Ying Wa Girls' School in the mid-1970s, then received tertiary education in Australia. Have been working as an academic majoring in urban and housing studies in HKU since 1987, and also became a professional urban planner in late 2000's. After retirement in 2021, I am an honorary professor of HKU and University College London, and continue with public and social services. I have been serving on Ying Wa's School Council/Incorporated Management Committee since 1992 and as Moderator since Sept 2020, and as Chairman of the School Redevelopment Steering Committee since 2009. It will be my great honour to be given another opportunity to help further the vision and mission of our alma mater.
